NUMBER 118.

MINERS WILL STRIKE.

More Wages Demanded of the Coal Operators.

A GREAT STRUGGLE IMMINENT.

United Action on the Part of All the Coal Miners, Mine Laborers and Cokers in Pennsylvania, Ohio, Indiana, Illinois, Iowa, Colorado, West Virginia and Kentucky—The Date Not Definitely Fixed.

COLUMBUS, O., April 11.—The fifth annual session of the United Mine Workers of America is being held here, and the developments of the day are in keeping with the announcement already made that it will herald in a strike of studious proportions.

The association is composed of coal miners, mine laborers and cokers. Representatives are present from Pennsylvania, Ohio, Indiana, Illinois, Iowa, Colorado, West Virginia and Kentucky. The meeting is important, owing to stagnation in the coal trade and possible action thereon.

The trouble in the coke regions is to be considered. A proposition for a general strike in the United States is to be exhaustively discussed. Independent labor politics is also on the list for discussion. The convention will run through this week.

President John McBride presides.

The credentials committee reported 125 delegates present, representing 2,712 local organizations and entitled to cast 406 votes. Other delegates are yet to arrive.

In his annual address President McBride said that the time had arrived to demand increased wages all along the line. At this the hall rang with applause. "Many operators are ready to grant it," he continued, "but old methods will not do. We must act as a unit. None must go to work until all get the wages the scale gives them."

Every sentence of this was greeted with deafening applause.

In his address McBride excoriated General Secretary John W. Hayes, who, he said, was guilty of dishonesty, falsehood and duplicity in dealing with the United Mine Workers. He had claimed there were 22,000 Knights of Labor members, when there never were more than 7,000, and now there are only 3,415.

One incident occurred which shows that a national suspension of work will be ordered. Just before the convention adjourned for the day a delegate secured the floor and suggested that all who had come instructed to favor such a movement be requested to hold up their right hands. The words were no more than spoken until every hand in the house went up. The demonstration that followed was very significant, and the question of suspension seems to be virtually settled.

Numerous resolutions were introduced and referred to the proper committees.

Secretary Pat McBride offered a resolution fixing the date for suspension of work on April 23; other resolutions suggested May 1, May 3 and May 15. Other resolutions were introduced relating to the following subjects: Recommending the adoption of the Federation of Labor platform to remove the national headquarters from Columbus to Chicago, endorsing the eight-hour movement, that the national convention hereafter be held in January, favoring the demonetization of gold and another resolution favoring the remonetization of silver and others of local importance.

No action was taken on any of the resolutions introduced except to refer them to proper committees. After being duly considered by the committees the resolutions will be reported back to the convention in such form as may be deemed proper. The convention will then discuss the resolutions before any action is taken.

The expression of the convention yesterday afternoon was impromptu and is only important as showing the drift of sentiment among the delegates. When it is stated the delegates have come with instructions to vote for a national suspension it means that a majority of the miners which they represent favor a strike. Nearly all the delegates seem to have come with such instructions.

SERIOUS FIGHTING IN BRAZIL.
An Important Naval Battle May Shortly Be Expected.

BERLIN, April 11.—[Copyrighted, 1894, by the Associated Press.]—Dispatches received from Rio Janeiro announce that some serious fighting is taking place at Rio Grande do Sul, and that an important naval battle may shortly be expected. Five of the insurgent warships are bombarding Rio Grande do Sul and the forts there are replying with but little effect.

The Brazilian government has dispatched a fleet of 10 warships to the south with instructions to engage the rebel fleet at the earliest opportunity.

Porto Alegre is also said to be seriously threatened by the insurgent forces landed by Admiral Mello.

A DRUNKARD'S CRIME.

TWO COFFINS REQUIRED WHEN ONE ONLY HAD BEEN ORDERED.

CALAIS, Me., April 11.—A man from Scotch Ridge, N. B., noted for his drunkenness and brutality to his family, came to St. Stephens for a coffin for his deaf and dumb daughter, and on the way home got beastly drunk.

He raved at and scared his son because he could not get the casket from the sleigh. The boy tried to escape his father's wrath by running toward the St. Croix river. The father chased him upon the ice, where the boy broke through and was drowned. The man returned to St. Stephens and bought another casket. No arrest has been made.

CONDITION OF WHEAT.

An Excellent Prospect From Reports Made to Washington.

WASHINGTON, April 11.—The condition of winter wheat on April 1, as reported by the statistician of the department of agriculture, averages 86.7 per cent for the entire country, last year the average being 77.4. In 1892 it was 81.3 and 96.9 for the year of 1891. The corresponding average for rye is 94.4 per cent.

The averages of wheat for the principal states are as follows: Kentucky, 83; Ohio, 90; Michigan, 83; Indiana, 90; Illinois, 87; Missouri, 83; Kansas, 72; Nebraska, 85; Iowa, 87. The average date of seeding in the Ohio and Mississippi valleys was late owing to dry weather. In general, however, the conditions of soil were not unfavorable to planting and germination. Very little damage reported from the Hessian fly and that only in sections of Ohio, Michigan, Illinois, Missouri and Kansas.

The weather from seeding time until recent cold waves swept over the country, except in cases hereafter noted, has been very favorable to the growth of the plant. In the eastern, northern and northwestern states, snow covering has afforded protection in addition to that of a mild temperature. The returns in regard to the effects upon wheat resulting from the recent cold spell are not so satisfactory nor so conclusive as desirable.

The injury to the crop is considerable if not great, but the comments of the correspondents accompanying the report would seem to indicate that the full extent of the damage was not fully determinable at date of transmission. In the eastern and northern states the damage was comparatively slight. In the south Atlantic and southern states the injury is marked and decided, with perhaps the exception of Texas. While in the states of Ohio, Indiana, Michigan and Kentucky the injury from frost is considerable; the extent of some is contingent upon future meteorological conditions.

The returns indicate that freezing to the ground was quite prevalent, especially on low and rich moist lands, but with roots left untouched or at least alive with good prospects of recuperation on the recurrence of favorable weather. In the states of Kansas, Nebraska and California, the impaired condition of the crops has not resulted so much from the frost as from cold dry weather.

While two firemen were directing their streams to various portions of the wreck after the flames had been brought under control, the voice of one of the little Bureck girls was heard crying out: "Don't throw any more water here or you will drown us."

"Are you both alive?" shouted a fireman.

"Yes," they replied in concert, "but we are pinned down and awfully hurt."

A great shout went up from the rescuers when they knew that there was a chance to save two lives at least.

The rescuing party, working like beavers, succeeded in getting Julia Clifton and the two Bureck children out of the wreck. They were all severely injured and thoroughly drenched with water thrown by the firemen. They were taken to St. Catherine's hospital.

GREEN SEALS CAPTURED.

Not Animals but a Badly Wanted Murderer.

DALLAS, April 11.—One year ago two men attempted to assassinate Judge Kendall of one of the Dallas courts. They fired four times at him on a dark night, slightly wounding him. Sheriff Clegg of Dallas arrived yesterday with Green Seals, whom he captured in Calcasieu parish, Louisiana. His pal, Ed Noel, was recently killed in Jasper county, Tex.

Judge Kendall says Seals and Noel were hired to assassinate him by Jim Brown, the Texas horseman who was killed last summer by the Chicago police at Hawthorne race track. Great interest is taken in Seals' capture, and his coming trial, as it is expected to develop the doings of Jim Brown's gang of murderers, who killed upward of 30 of his enemies in this state, most of them while Brown was sheriff of Lee county.

Shooting Affray in a Saloon.

NEW CASTLE, Ind., April 11.—James Ridgway and A. L. Eilar, both of this place, became involved in a shooting scrape last evening. Ridgway, while under the influence of liquor, assaulted Eilar in Joe Ward's saloon and drew a weapon on him. Eilar knocked him down and fell on him. While they were on the floor Ridgway shot three times, all of the balls passing through Eilar's coat but did not touch him. Another bullet struck James Dolan, bystander, in the leg, passing through and producing a very serious wound. Mr. Eilar had a very close call.

Stabbed to Death.

OWINGSVILLE, Ky., April 11.—William Dealy stabbed Martin Cline to death yesterday in this city. The men were in a livery stable and renewed an old quarrel of long standing. Dealy drew a large pocketknife and began stabbing Cline, and before the bystanders realized what he was doing, had delivered the fatal plunge. Cline was stabbed three times. Cline ran to the door of the stable and fell dead without uttering a word. Dealy was arrested and jailed.

Atrocious Offense Lightly Punished.

PERU, Ind., April 11.—William Doterer, a saloonkeeper of Bunker Hill, yesterday was sentenced to two months in jail and was fined \$500 for pouring coal oil over old James McDonald some months ago and then setting fire thereto. This was his second trial. As a result of the first trial he was sentenced to two years' imprisonment in the penitentiary. McDonald's recovery aided in securing a lenient sentence. Still the verdict is severely condemned.

ATTEMPT TO WRECK A TRAIN.

CLEVELAND, April 11.—An attempt was made last night at Huron, O., to wreck the Atlantic express on the Lake Shore road. A large number of ties were piled between the rails on the bridge across the river. They were discovered by a young man, who reported to the telegraph operator in time to stop the train before it reached the bridge.

Chess Champion.

NEW YORK, April 11.—The match between Showalter and Hodges for the chess championship of the United States ended last night in a victory for Showalter, by a score of 7 to 6 and 4 draw.

Fell on a Circular Saw.

LIMA, O., April 11.—Yesterday, while working in a sawmill at Lafayette, east of here, Isaac Heifner fell on a circular saw and his head was cut about half way in two.

BUILDING COLLAPSED.

Two Persons Killed and a Number of Others Injured.

SEVERAL WILL PROBABLY DIE.

The Building a Three-Story Frame Structure Which Was Being Raised For the Purpose of Alteration—Two Children Rescued From the Debris That Had Caught Fire in Time to Save Their Lives.

BROOKLYN, April 11.—Two persons were killed and a number seriously injured last night by the collapse of a 3-story frame dwelling on McKibbin street that has been raised for the purpose of alteration.

Mrs. Catherine Clinton and Patrick were taken from the ruins dead. Michael Winmann and wife were badly injured; Charles, their son, will probably die, and five others were more or less injured. Albert Wood, the contractor who undertook the job, has been arrested.

The ruins took fire, and although the flames were quickly extinguished, the remains of Mrs. Clinton when rescued were badly charred. The contract for raising the house had been completed Saturday and the brick work finished, and Woods, the contractor, was in the house with three of his workmen to collect the money when the crash occurred.

All the tenants were at home at the time, together with two children named Bruck, who were visiting Mrs. Clinton. The Bruck children were in the habit of running errands for Mrs. Clinton and in return for their services Mrs. Clinton gave them lessons in crocheting. Last night they were receiving crocheting lessons in Mrs. Clinton's apartments.

It is believed several of the injured now in the hospital will not survive.

While two firemen were directing their streams to various portions of the wreck after the flames had been brought under control, the voice of one of the little Bureck girls was heard crying out: "Don't throw any more water here or you will drown us."

"Are you both alive?" shouted a fireman.

"Yes," they replied in concert, "but we are pinned down and awfully hurt."

A great shout went up from the rescuers when they knew that there was a chance to save two lives at least.

The rescuing party, working like beavers, succeeded in getting Julia Clifton and the two Bureck children out of the wreck. They were all severely injured and thoroughly drenched with water thrown by the firemen. They were taken to St. Catherine's hospital.

IN THE DUNGEON AGAIN.

ASSASSIN PRENDERGAST GETS HIMSELF IN TROUBLE AGAIN.

CHICAGO, April 11.—Patrick Eugene Prendergast is in the dungeon again. He entered it with blood flowing from his nose and struggling like a madman. Prendergast, in charge of Guard Ray Smith, was taking his exercise in the corridor, when the prisoner sat down in a chair belonging to the guard. Smith told him that this was against the rules, and that he must go into his cell if he wished to sit down.

Through the whole night the frame structure in which the men were sheltered was threatened with destruction, and the sleep of the veterans was anything but sweet. The lowly habitation was spared, however, although a number of more pretentious houses in the town were unroofed and other damage done.

The indications are that the army will leave this city on the mountain trip not over 200 strong. There have been many desertions in the past two days and a number of discharged.

General Coxey believes the crucial test has arrived and he does not care to make the perilous trip to Cumberland with men who may endeavor to stir up discord.

IN THE DUNGEON AGAIN.

ASSASSIN PRENDERGAST GETS HIMSELF IN TROUBLE AGAIN.

CHICAGO, April 11.—Patrick Eugene Prendergast is in the dungeon again. He entered it with blood flowing from his nose and struggling like a madman. Prendergast, in charge of Guard Ray Smith, was taking his exercise in the corridor, when the prisoner sat down in a chair belonging to the guard. Smith told him that this was against the rules, and that he must go into his cell if he wished to sit down.

After some words, Prendergast struck the guard a vicious blow on the neck, and in return received a crack on the nose that made him see stars and started the blood in a stream. He was then placed in the dungeon, where he will be kept until he agrees to behave himself.

MORE FIREMEN INJURED.

MILWAUKEE, April 11.—While the firemen were engaged in the search for Third Assistant Chief Janssen's body in the ruins of the Davidson theater there was a terrible crash, occasioned by the falling of a large amount of debris from the gallery to the balcony. Several firemen were caught, and one of them, Truckman Lancaster, seriously injured. At this juncture Janssen's body was recovered and work on the ruins was stopped.

INDICTED FOR MURDER.

BARBOURSVILLE, Ky., April 11.—The grand jury, which convened yesterday, returned indictments against Police Judges S. A. D. Jones and Marshal James Bowman, charging them with murder. Both are in jail awaiting trial. The indictments are the outgrowth of the shooting of young William Reeder on Jan. 22.

SOLDIERS' HOME MISMANAGED.

DENVER, April 11.—At a meeting of the state board of charities and corrections yesterday, a delegation of Grand Army men presented charges against the management of the soldiers' and sailors' home at Montevista. They allege the commander is incompetent, and his acts conducive to ill-feeling among the inmates.

ENGINEER'S BRAVERY SAVES THE TRAIN.

ANTONIO, Colo., April 11.—Engineer Young's cool head saved Durango's passenger train last night from going over a 1,000-foot precipice. Young saw a rock on the track, and instead of jumping, remained to manage his engine, and held his own though the engine turned over on the track.

FELL IN THE STREET.

HOPKINSVILLE, Ky., April 11.—Mrs. G. W. Gilliland, 80 years old, fell in the street yesterday. She was carried to her home and died in about 10 minutes. Heart disease was the trouble. She was one of the first settlers in this county, moving with her husband to Hopkinsville in 1838.

TWO INDIANS KILL ANOTHER.

CADDY, I. T., April 11.—Last night near Caney Switch, nine miles north of here, Solomon Flacher and Charles Daney killed Cyrus Crouch, shooting two Winchester balls through his head.

AN ARCADE BURNED.

SCRANTON, Pa., April 11.—The Frothingham arcade, one of the finest 4-story business blocks in the city, was completely destroyed by fire yesterday. The loss will reach \$100,000. The fire is believed to have been of incendiary origin.

MEXICAN SILVER COIN

IT CAN BE MADE AT THE UNITED STATES MINT.

THE SENATE HAS SAID SO.

A BILL TO THAT EFFECT PASSES THAT BODY WITHOUT OPPOSITION—THE TARIFF BILL IS THEN TAKEN UP AND THE REST OF THE DAY DEVOTED TO DEBATE—PROCEEDINGS IN THE HOUSE.

WASHINGTON, April 11.—There was a very small attendance in the galleries when the senate convened yesterday, and there was scarcely a quorum of senators visible.

The bill introduced a time ago by Senator Peffer for the improvement of public roads (a bill in the direction of the Coxey movement) and which was referred to the committee on education and labor, was reported back adversely by Senator Kyle.

Mr. Quay introduced a resolution objecting to the consideration of which was made by Senator Cockrell that the senate should hold a session on Saturday, April 21, from 1 o'clock to hear a committee of the organizations of the workingmen of the United States in opposition to the tariff bill.

Senator Cockrell objected to its present consideration, and under the rules it went over without action.

The Wolcott resolution for the coinage of Mexican dollars at United States mints was laid before the senate, and Mr. Gallinger read a communication favoring the resolution. He said that while he cast a reluctant vote for the repeal of the Sherman law, he thought the time was approaching when some action would have to be taken by congress to give the country a larger volume of currency, and when that time came he might have some remarks to make on the subject, which would probably be contrary to the views of the people of his state.

The resolution was briefly debated, when Senator McPherson withdrew the amendment offered by him to insert the words "for export," as he thought the Sherman amendment covered the points of his proposed amendment. The resolution as amended was then agreed to, and is as follows:

DEMOCRATIC TICKET.

November Election, 1894.

County Judge, THOMAS R. PHISTER.

County Clerk, T. M. PEARCE.

County Attorney, FRANK P. O'DONNELL.

Sheriff, J. C. JEFFERSON.

Assessor, JOHN C. EVERETT.

Surveyor, W. C. PELHAM.

Coroner, JAMES C. OWENS.

Jailer, R. C. KIRK.

NOTICE.

Members of Mason County Democratic Executive Committee are requested to meet at County Clerk's office Saturday, April 14, 1894, at 2 o'clock p.m., for the purpose of determining the kind of convention to be held May 5, 1894, for the purpose of selecting delegates to represent said county in approaching Congressional convention. J. N. KEHOE, Chairman. J. C. LOVEL, Secretary.

Light rains on the lakes, followed by generally fair weather in south portion; westerly winds; slightly warmer in south portion.

SENATOR HILL'S venom and malice are stronger than his democracy.

SENATOR HILL'S tariff speech was more of a tirade against President Cleveland than anything else.

If the tariff bill fails to pass the Senate it will be due to the work of traitors in the Democratic ranks.

THE grand jury at Frankfort is going to give Governor Brown an opportunity to tell about any and all crookedness of which he may have any knowledge. And the grand jury is the proper place to go with such knowledge, if he has any.

SPEAKING of the business outlook, the Cincinnati Tribune, a Republican paper, says: "Looked at even from a conservative standpoint, it may be said that the skies are brighter to-day than for many long months." But the croaker of the Ledger continues to croak.

Eggs were plentiful Saturday at 8½ cents a dozen. It must be the McKinley tariff of 5 cents a dozen that makes them so dear.—Public Ledger.

About a month or so ago—since Christmas—eggs were 20 and 25 cents a dozen. Of course the McKinley tariff made them so cheap then.

THE average daily circulation of the New York World for the first two months of this year was 433,167. The average daily circulation for the corresponding period in 1882 was only 17,760. The growth of this excellent Democratic paper under its present management has been phenomenal. Every Democrat should read the World.

COMMENTING on the recent elections the Philadelphia Record says:

At present the people are taking out of the hide of Democracy vengeance for ills for which Democracy is not responsible. It is an old fashion, when disastrous prophecy comes true, to stone the prophets. Voters do not stop to think that protection is still doing its perfect work in this blessed country, and that we are enjoying McKinleyism unchanged, undiluted and unrepealed.

LATE developments leave little doubt as to the truth of the report that Senator Hill is in league with the Republicans to defeat the tariff bill. They helped him turn Hornblower and Peckham down, and it was charged at the time that he promised them in return some votes against the tariff bill. The Democrats of New York ought to demand Hill's resignation.

A Business Built Up by Advertising.

It is continuous effort that pays in advertising as in everything else. A business man doesn't keep his store open one day in the week, or one week in the month, or three months in the year. If he advertises that way that is the impression people will get. It is continuousness that has made each letter in the word "Royal" before the words "Baking Powder" worth over \$2,000,000.

The owner of Royal Baking Powder recently refused \$12,000,000 for his business—a business built up and fostered by persistent advertising.

TORNADO policies—W. R. Warder, agt.

KENTUCKY CROPS.

Monthly Report of the State Commissioner of Agriculture, McDowell.

Reports Before and After the Freeze Differ Very Much—Condition of Wheat.

State Commissioner of Agriculture McDowell, in his monthly report issued Monday, says:

"The reports from the correspondents for the month of March are very large, and differ very much. All that were written before the freeze report the agricultural interests of the country in a very flourishing condition; all farm work well advanced; farmers ready to plant corn, wheat, rye, oats and barley; all looking as well as any one can recollect to have seen them; grasses of all kinds were far advanced; clover about ready for grazing; gardens everywhere being planted; in fact, every kind of vegetation indicated that winter was over. Those that were written after the freeze are very different."

"The condition of the wheat crop is somewhat uncertain; all correspondents write that the early sown wheat, 'that which was jointing,' has been killed, but that it will stool up and make some wheat, and that the late sown wheat is considerably damaged, and looks very badly frost-burned. A few warm days will soon tell all. I will not undertake to make a per cent. of the present condition of the crop, for to add up all of my reports, 'those written before the freeze and those written after,' will not give a correct statement. I will, therefore, wait another month, as there are a number of good farmers who say that they cannot tell the extent of the damage until after the warm rains."

"The condition of the rye and barley crop is very similar to that of wheat; rye, being a much hardier crop, is not damaged as much; but as they were all growing so rapidly and so full of sap, the freeze coming so suddenly, some think that they have all suffered alike."

"Nearly all of the correspondents report young clover killed. This will be a very heavy loss to the farmers, as the seed was very high. A correspondent from Clark County writes: 'Young clover all killed, and old clover fields that were up are laid low, and smell like clover hay spoiling in summer.'

"A correspondent from Stanford, Lincoln County, writes: 'Oat crop generally killed by the late freeze; many are resowing.' This is the report of nearly all of the correspondents in regard to the oat crop. I would advise not to be in too great a hurry to resow where the oats are not lifted out of the ground by the late freeze, but to wait for warm sunshine. The opening of this manufactory will give employment to about three hundred men."

"Nearly every correspondent writes: 'Fruit of all kinds killed, except some late apples,' but I think the grapes are not all killed, nor all the strawberries and raspberries. The prevailing impression among some fruit men is that the peach trees are all killed; some think that all except the one and two-year-old trees."

"So many men thought that winter was over, and planted a number of vegetables, such as peas, onions, beets, early corn, all of which they have lost, and will be compelled to plant over again. Onions that were planted last fall were bit down by the freeze, and most of the potatoes which were planted have rotted in the ground."

"A correspondent in Germantown writes: 'Tobacco plants and fruit all killed; resowing our tobacco beds.' The reports vary as to tobacco beds, although there are a great many similar to the one above. Where the beds were well protected there were a great many saved."

"The number of two-year-old cattle that have been carried over and will be put to grazing the coming season is fully up to, if not above, an average to former seasons. There is an increase in per cent. over last year."

The number of ewes are smaller than last year, but an increase of lambs on account of the very mild winter.

Hog cholera is prevailing in some counties. Montgomery has lost a great many; also Madison, Clark and others that I could mention. The number of sows for breeding purposes has increased since last year, which will begin to make up the shortage of the hog crop. All other kinds of stock are in good condition and looking well; no disease reported except in some few places."

Cure for Headache.

As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at J. Jas. Wood's drug store.

River News.

The heavy rain this week will likely bring out another shipment of coal from Pittsburgh. Several million bushels will come down on the first rise.

The White Collar Line's steamer Shelley has just come off the docks ready for service. It was the intention of the company to materially increase the carrying capacity of the boat, but the change was abandoned. As it is, the boat has received a number of excellent improvements.

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

HAS THE Z Stamp in red on wrapper
J. H. ZEILIN & CO., Philadelphia, Pa.

IDLE FOURTEEN YEARS

Under Republican Rule, but Now it Will Soon Resume Operations. The Hum of Industry.

PHILADELPHIA, April 5.—The famous old Lanark Mills in Frankford, which have stood idle for fourteen years, will resume operations about May 1. Hord's Sons are the owners, and they will conduct the business of manufacturing ribbed underwear for women, and 100 hands will be employed.

WILMINGTON, DEL., April 5.—The carding, spinning and beamining departments of the Arlington Mills started to-day, and next Monday the weaving department will resume operations. The whole mill will then be in operation, giving work to 500 hands. There will be no reduction in wages.

FRANKFORT, KY., April 6.—The Frankfort Furniture Manufacturing Company, a portion of whose works was destroyed by fire a few weeks ago, causing them to shut down, has changed hands, and will, on Monday, resume work with an increased force at regular wages. The opening of this manufactory will give employment to about three hundred men.

Advertised Letters.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, April 10, 1894:

Arnold, W. E.	Toole, Mrs. Ida
Collins, A. J.	Thomas, Miss Maria
Lightfoot, Jane	Vinegar, Victoria
McAbee, Miss Mary	Williams, Lizzie (col)
Rhoden, Thos.	Wilson, Lula B.
Settles, Elmore	

Persons calling for any of the above will please say advertised. One cent due on each for advertising.

THOS. J. CHENOWETH, P. M.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Nuptial Knots.

Mr. James McFadden and Miss Mary Gleason, both of this county, were married this morning at St. Patrick's Church.

Mr. James L. Foxworthy and Miss Minnie Luman, of Fleming County, were married Tuesday at the County Clerk's office, Judge Phister officiating.

Its Labyrinthine Circumgyrations.

Man has a rocky row to hoe in this world, but few of us realize what lurking dangers we carry around in our interiors: "The verminous appendix," says a medical journal, "is a contemptible curly little thing, dangling from the cecum like a hangman's noose. Ever and anon the unwary children of men ingurgitate extraneous, hard and indigestible substances, such as date stones, orange seeds or the like. The same may safely slide along the sinuous curves of the stomach, through the vertiginous swirls of the duodenum, and even past the labyrinthine circumgyrations of the small intestines, without injuring so much as the velvet bloom of the villi; but no sooner do they reach the corrugated diverticulum of the cecum, than they are engulfed, as it were, in the insatiate maw of this reprehensible and deadly appendix."

ANNOUNCEMENT.

WE are authorized to announce R. K. HART, of Fleming County, as a candidate for Congress, subject to the action of the Democratic party.

THOUSANDS TESTIFY,

So will you, that

"El Racimo" Cigars

Have no equal for 5 cents. Ask your dealer for them.

E. R. WEBSTER & CO., Wholesale Arts., CINCINNATI.

D. HUNT & SON OFFER BARGAINS IN Wash Goods.

Do you remember the beautiful assortment we gave you last year? They are handsomer this year than ever. The wise woman does her summer sewing early, and the keen buyer makes her selection while the stock is fresh and unpicked.

Cotton Crepes.

You would think them wool—fine wool—\$2-a-yard wool; but they are cotton—nothing but cotton—and Yankee wit. Only 20 cents a yard.

Satinies.

French Glass and Silk designs. Make beautiful Waists and Wrappers. Launder like Gingham. Only 15 cents a yard.

Dimities.

As dainty as dew drops. Full assortment in Plaids and Stripes, and just what you want for the little people. From 15 cents up.

Ducks.

The material par excellence for Summer Tailor-Made Gowns. Only takes ten yards and does not require any trimming. 15 cents a yard. \$1.50 for an entire dress.

Irish Lawns.

Cool and dainty, two essentials for the summer girl's gown. A varied line at, per yard, 12½c.

Ginghams.

All the colors of the rainbow and many more. Stripes and Plaids in every combination to please the gay and the sedate. And best of all, these attractive goods are only 10 cents.

Roseberry Cottons.

Pretty goods at pretty prices, to make pretty gowns for pretty women. You all want one. At, per yard, 15 cts.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that

I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

CARLOS MARTYN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhea, Eructation, Kill Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."

EDWIN F. PARDEE, M. D., 125th Street and 7th Ave., New York City.

Cummins & Redmond, Successors to Hill & Co.</

BIG CROWDS.

Evangelist Fife Attracting the Largest Audiences Ever Gathered in This City.

The meetings of Evangelist Fife are attracting the largest audiences ever gathered in this city. The attendance on the services Tuesday was the greatest since the meetings began, and the interest is still increasing. Many of the business men, in compliance with the Mayor's proclamation, closed their places of business and attended the day service. They were amply repaid, as the Evangelist delivered one of his most logical and able discourses on the doctrine of assurance. It was biblical from first to last and established many a weak believer and doubting Thomas in the faith.

At night he talked on the Excuses of the Sinner, and swept them all away with one quotation after another from God's Holy Word.

Mr. Maloney sang, "Will I Meet My Sainted Mother?" Many hearts were touched and about seventy-five confessed Christ.

The Evangelist guards against all undue excitement and leaves every one free to act as God's Spirit may move him. The influence of the meeting is reaching far out into the county.

Many ministers are in attendance from the surrounding towns and villages. All classes and conditions are being reached. All are invited.

Tour to Boston by Sea.

The Eckert-Ritchie tour will leave Cincinnati via the Chesapeake and Ohio, July 11. Solid vestibule sleeping car train, with dining car, to Old Point Comfort, stop at Hygeia Hotel; steamer Fairfax, Old Point Comfort to Boston, passing Martha's Vineyard, Nantucket Island, Buzzard's Bay, rounding Cape Cod, through the islands of Massachusetts Bay to Boston, United States Hotel; Fall River Line to New York, Broadway Central Hotel; rail to Washington, D. C., Ebbitt House; Chesapeake and Ohio Railway solid train, vestibuled sleeping and dining car to Cincinnati. Time eleven days. All traveling expenses included. Strictly high class. Full information on application to C. B. Ryan, A. G. P. A., C. and O. Railway, Cincinnati, O.

Popular Rolla Hart For Congressman.

Louisville Times: "Mr. Hart is very popular. He is interested in live stock and has influential kinsmen in nearly every county in that section of Kentucky. He has served several terms in the Legislature and has never failed to acquit himself creditably. He has practically been a candidate for two years, and his friends all along have predicted that there would be no fighting finish between him and Hon. T. H. Paynter. The men are too warm friends for that. At the time Paynter was first nominated Mr. Hart had it in his power to give the nomination to another, but he declined, and ever since then Mr. Paynter has made it a point to do all he could for Mr. Hart."

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at J. W. Wood's drug store. Large size 50c. and \$1.

PITHY POINTS.

Pungent Paragraphs Pertinent to Topics Local and Otherwise, For Your Perusal.

The announcement that the Prendergast case is in a terrible tangle will not, we suppose, cause that worthy much worry or loss of sleep, as he had good cause to look for an entirely different kind of tangle—that of the hangman's noose about his miserable neck.

Dancing is a relic of barbarism and would never be indulged but for the chance it affords its votaries of gratifying their immoral perceptions. If you do not wish your daughter started on the road to ruin, do not have her taught the art (?) of dancing.

None will deny the importance of professing Christians shaking hands and making up their differences, but such things will not light up and heat churches, pay the sexton nor keep the pastor on his feet.

We would not say that all women who dance are necessarily immoral, but we do say that all immoral women were at one time dancers.

Reconciliations on the part of church members are all right, but such affairs ought to be attended to before the evangelist comes.

Some church members have need to go through the same process of "making up" every time the evangelist comes round.

A man may offer no greater insult to Christians than to seek admission to the church while holding on to the rum traffic.

Were churches always in order, it would not require so much effort on the part of evangelists to get a revival started.

After all is said, the most that stands in the way of evangelists is the unworthy church members themselves.

PRESIDENT INGALLS, of the C. and O., says the equipment of the road is in excellent shape, better even than it was last fall. He is surprised to see that the local freight business of the road is fully up to that of the corresponding period last year.

THE Cincinnati Enquirer says Miss Mildred Marsh is achieving quite a reputation at the Klendworth-Scharwenka Conservatory in Berlin, where she is completing her artistic development in the art of piano-playing. At a recent concert given for the benefit of the Archer endowment in that city, her playing caused a flattering testimonial to be bestowed on her by the eminent German critic, Aug. Ludwig. Miss Marsh assisted Miss Leila Wheeler in a concert here a few years ago, and made many warm friends in Maysville who will be glad to learn of her success.

MUTILATED GOLD COIN.
James L. Wilcox and His Wife Have Been Arrested in Baltimore.

WASHINGTON, April 11.—Detectives Freburger and Reiley of Baltimore were at the treasury department yesterday and reported to Chief Hazen of the secret service the arrest of a man and a woman in Baltimore Monday night on charge of mutilating gold coins by lightening them.

From their description, Chief Hazen recognized James L. Wilcox and his wife, who the secret service officers have been in search of for some months. They are members of a gang which has been operating extensively in Chicago and to some extent in Denver, Omaha, Sioux City and St. Louis.

Their specialty was sweating \$20 gold pieces, and so successful have they been that it is estimated that from \$50,000 to \$75,000 in gold coin has been artistically shaved, remilled and passed again into circulation.

The leader of the gang, W. F. Shaw, is still at large. Those under arrest are A. H. Peck, a dentist, Mr. and Mrs. J. L. Wilcox and Ralph Wilcox, a brother of J. L. Wilcox.

Shaw and Wilcox ostensibly conducted a real estate business in Chicago, but Wilcox, who is an expert machinist, spent his time in a room on Adams street skillfully trimming gold coin by means of a large lathe. Shaw opened an account at several banks, where he deposited quite large sums of money and then drew it out in gold at the rate of from \$200 to \$700 a day. Each morning he would deposit sufficient paper money to keep his account even. The teller of one of the banks became suspicious, and one of the secret service officers was called in, with the result that two of the gang were at once arrested.

In Baltimore Mr. and Mrs. Wilcox operated extensively and there is reason to believe that a very large amount of the short weight coin was successfully disposed of. The officers secured about \$200 of it, and about \$800 in filings. Chicago officers are expected to arrive in Baltimore within a day or two to identify the prisoners. There seems to be no doubt of their identity, however, as Wilcox's full name was found on his coat.

Plenty of Evidence Against Them.

BALTIMORE, April 11.—Joseph Foster, alias James T. Wilcox, and Etta B. Foster, who claims to be his wife, had a hearing here yesterday before United States Commissioner Rogers on the charge of sweating gold coin and in default of \$2,500 bail were committed to jail for a further hearing on Thursday. Baltimore detectives who arrested them found on Wilcox's person \$10 in cash and 21 gold pieces of light weight.

A number of similar light weight coins were obtained from merchants which had been given them by Wilcox in exchange for notes. Wilcox had also exchanged \$850 in notes for gold coin at one of the banks, and in his room, where the couple boarded, the detectives captured a complete sweating outfit.

The Chicago police department has telegraphed the authorities that officers will be sent to identify the accused, who are thought to be connected with a gang, some members of which have been arrested in that city.

PASSENGER TRAIN WRECKED.

A Brakeman Instantly Killed and Three Men Badly Injured.

BOURBON, Ind., April 11.—A frightful wreck occurred on the Lake Erie and Western railway near Tyner City. As passenger train No. 20 was pulling out of the station it struck a broken rail, derailing the mail, baggage and smoking cars, rolling them down a 10-foot embankment.

John Shaw, brakeman, was instantly killed. Two passengers whose names could not be learned, and who were unable to speak, were fatally injured. John Baldwin of Tyner City, who was stealing a ride behind the tender, was thrown against a barb wire fence and frightfully cut. He may recover.

Stole the Duchess' Jewelry.

MADRID, April 11.—A robber boarded an express train near the town of Algeria de Alava, not far from Tolosa, and succeeded in stealing the jewelry and other valuables belonging to the Duchess of Manchester. While attempting to escape with the valuables, the robber fell on the track and cut his legs. The jewelry was recovered.

Celebrated Case Ended.

CHATTANOOGA, April 11.—The Catholic knights instituted suit against the individual bondsmen of M. J. O'Brien, their late treasure, who defaulted in the sum of \$76,000, for \$25,000. In the United States circuit court, a compromise judgment was given for the full amount—\$5,000 in cash, and the rest secured by real estate. This ends the celebrated case.

Bomb Wrecks a House.

MADRID, April 11.—The house of the municipal secretary of the town of Manacor, Island of Majorca, was wrecked by a bomb. Fortunately no one was killed, nor were any of the inmates of the house seriously hurt. The police have made several arrests of persons suspected of connection with the explosion. Two bombs were found in the quarry at Bilbao yesterday.

Lost in the China Sea.

SAN FRANCISCO, April 11.—News is brought by the Belgic that the British barkentine Cafe City has been wrecked in the North China sea while on her way from Chefoo to Amoy. The vessel is a total loss. Half her crew, including Captain T. A. Rodney, were drowned.

Policeman Murdered.

CHICAGO, April 11.—Patrick Egan, an ex-policeman, was shot and killed early yesterday morning in a saloon at 56 East Superior street by Andrew Beroni, the bartender. The murder was the result of a dispute over a game of dice. The murderer fled and is still at large.

An Old Man Burned to Death.

EASTON, Pa., April 11.—John Snyder, aged 70 years, of Clearfield, was burned to death by a lamp falling upon him as he lay asleep on a lounge. His wife was so badly burned in trying to put out the fire that she will die.

SURE ANTIDOTE FOR MORPHINE.

One of the Most Wonderful Discoveries of Modern Times Is Proved.

Dr. William Moor, a specialist on therapeutics, who is a member of the staff of the West Side German clinic, in West Forty-second street, has discovered that permanganate of potassium is an antidote for morphine poisoning, and that it will counteract within a reasonable lapse of time the effects of any of the salts of opium.

Dr. Moor, in the presence of 12 members of the clinic who assembled on Jan. 9, swallowed what is ordinarily a fatal dose of morphine.

His fellow physicians attempted to dissuade him. Some of them left the room, declaring that they would not countenance such madness by their presence.

But Dr. Moor persisted in committing "suicide" with the utmost cheerfulness. He thereupon swallowed three grains of morphine in two teaspoonsfuls of water and immediately afterward drank a solution of four grains permanganate of potassium in four ounces of water.

Deadly languor and death must have followed ordinarily, for Dr. Moor swallowed three grains of the drug, a positively fatal dose in his case, as he is supersensitive to the effect of narcotics. But the permanganate of potassium did its work well. In the business of the meeting which followed the experiment no head was clearer than Dr. Moor's, and when it came to eating, drinking and making merry some hours afterward he was quite as active a participant as there was in the party.—New York Herald.

Big Fire in New York.

NEW YORK, April 11.—Three alarms for a fire were sounded at 2:15 this morning. It broke out on the fourth floor of the brown stone building, 102 to 106 Worcester street. The basement, first and fourth floors are occupied by the American Strawboard company. Six other firms occupy the second and third floors, among them the following: J. M. Revaney company, ladies' garments; A. B. Steinhardt, manufacturer of cords and tassels; Simon E. Zimmerman & Company, manufacturers of undergarments; J. Heininger, hats and caps. The loss may reach \$150,000.

Steamship Company Responsible.

SAN FRANCISCO, April 11.—Judge Morrow in the United States court gave Mrs. F. S. Smith judgment against the Occidental and Oriental Steamship company \$11,000 for the loss of her husband, Henry Smith, and child, Mytra, on the Oceanic-Chester collision in San Francisco bay in 1888. By this decision the judge holds the Oceanic largely responsible for the disaster. Inasmuch as many lives were lost, other suits will doubtless follow.

Fears for the Overdue De Ruyter.

BOSTON, April 11.—Fears are entertained for the safety of the overdue Belgian steamer De Ruyter, Captain Meyer, which sailed from Antwerp 29 days ago for Boston. She has undoubtedly met with some serious accident. The De Ruyter has a crew of 28 men.

Discussing Airbrakes.

COLUMBUS, O., April 11.—The National Association of Railway Airbrake men, composed of railway employees, met here yesterday and will spend the week reading papers and discussing air-brake methods and improvement of brakes.

Warning to Poachers.

WASHINGTON, April 11.—President Cleveland yesterday issued a Behring sea proclamation warning persons against violating the recent seal fisheries act of congress.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

It Removes Dandruff,

Cleans the Scalp,

Restores the

BRONZES,

BRONZES.

ART POTTERY,

NOVELTIES, ETC.

DAILY BULLETIN:

You know how it is your self. Doesn't this picture bring up the good days of your youth? How we did enjoy the turkey mother roasted! Well, let us be thankful for the rare blessings vouchsafed us to-day, and with more mature judgment HENRY ORT proposes your good health and invites your attention to the proverb,

"Enough

Is as Good as a Feast."

But at the same time he invites your attention to his stock of goods, such as
